SJTHS is Expanding

SJTHS is growing! As we wrap up this very busy/productive school year, we are excitedly preparing for the 2015-16 school year. In the next few weeks, we will finalize our master schedule. We would like to know what your son/daughter’s plans are for the 2015-16 school year. Please return the attached letter indicating your plan for next year as soon as possible.

Look What’s Cooking at St. Johns Tech!!!

We are excited to announce the launch of our new Academy of Culinary Arts at St. Johns Tech for the 2015-16 school year. Students enrolled in the Academy of Culinary Arts are guided by real-world industry professionals and are trained using a sequence of courses that are designed with challenging academic standards and relevant technical skills needed for further education and careers in the Culinary Arts. Hands-on laboratory activities such as: safe food handling, tools and equipment skills, safety procedures as well as, many levels and types of food preparation are integral to the program. The academy focuses on all aspects of culinary arts with an emphasis on industry certifications so that our students are career ready upon graduation.
