SJTHS is Expanding

SJTHS is growing! As we wrap up this very busy/productive school year, we are excitedly preparing for the 2016-17 school year. In the next few weeks, we will finalize our master schedule. We would like to know what your son/daughter's plans are for the 2016-17 school year. Last week we sent home a letter with each student to complete and fill out regarding your intentions for next year. Please return the letter indicating your plan as soon as possible. If you need a new form they can be picked up in the front office or downloaded from our website.

SJT HIGH SCHOOL

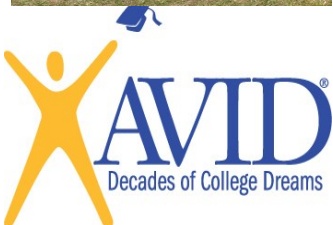

Alg EOC is May 2-3. Please make sure your student is in school every day before the test for review!

Gradventure May 6th

parents needs to pick up students early AM May 7th at Sebastian Middle School, time will be known as date arrives, but keep open communication with students.

7th Grade Immunizations

The state of Florida requires that all students entering the 7th grade provide current, up to date immunization records to the school. Immunizations can be obtained from your private physician/pediatrician or the local health department. The St. Johns County Health Department is located at 200 San Sebastian View, Suite 1100, St. Augustine. Their telephone number is (904) 209-3250. The completed DH 680 Immunization Form must be on file at Saint Johns Technical High School.

SJTHS Students Receive Hands-on Construction Training at the NE Florida Construction and Career Days

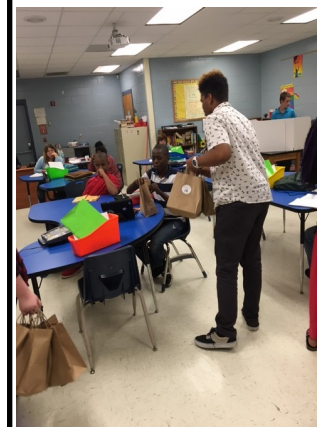

On April 5th, juniors and seniors from St. Johns Technical High School experienced the construction industry first hand. The students attended interactive presentations, learning labs and were treated to operating equipment used in the construction industry. Over 100 businesses participated in this event which exposed students to careers in a wide variety of construction and engineering fields. The organization donated

\$72,000 to host the three day event and provided buses, lunches and the event site. They also will give twelve \$1,000 scholarships this year to graduating seniors in NE Florida who attended the event and wish to pursue training in a related field. The construction industry is facing a shortfall of employees in the field and this event was held to encourage more students to consider a career in construction.

AVID planning for the 2016-17 school year is underway. All 6th and 7th graders will receive instruction in becoming more organized, notetaking, utilization of their planner for keeping track of homework and assignments and much more. More information will be forthcoming.

B6 Leaders made and handed out "Testing Survival Kits" to the 6th graders on Friday to get ready for their FSA tests. These kits were made to encourage students to do their best and rock the tests!

Yearbooks on sale \$45

Parents

VERY IMPORTANT!!

You need to be an approved volunteer to chaperone a field trip or go down the hall for a conference with your child's teacher. **This is very important.** Please take the time to fill out your school access form. You may go on to the St. Johns County web page to get your school access form.

FSA Testing information and practice

Families are encouraged to take advantage of the information and resources available on the Florida Standards Assessments portal (www.FSAssessments.org) and the FDOE website (www.fldoe.org). More resources will be made available throughout the 2015-2016 school year, so parents and students should check these websites regularly for updates.
