# What is Title I?

---

Title I is a federal program designed to offer supplemental services and supplies to schools with a high rate of poverty.

The goal of Title I is to give **EVERY** child a high-quality education.

# Importance of Title I

---

Title I can help:

- Children be more successful in school
- Parents to have a voice in their child's education
- Teachers to collaborate with parents to assist their child's education

# The Basics of Title I

---

The Title I program starts with:

- The Federal Government
- They provide funds to the states each year for Title I after the state sends a plan in detailing:
  - What children know and should be able to do
  - High- quality standards that children are expected to meet
  - Ways that student progress will be measured

# The Basics of Title I

---

The Florida Department of Education (FLDOE) receives the money from the Federal Government.

- The Florida Department of Education will then send the money to the districts based on the number of families that receive free and reduced lunches

Once the Local School District receives the money from the State

- The Local School District then identifies eligible schools and distributes the funds

The Title I schools, the parents, administrators, teachers and staff devise a plan to:

- Identify students who need the most help
- Measure student progress using the state standards
- Develop programs that help to supplement classroom instruction

# St. Johns County Title I Schools

---

For the 2020-2021 school year, St. Johns County has 6 eligible Title I schools:

Crookshank

Osceola

**St. Johns Technical High School**

South Woods

Webster

Transitions

# Programs Offered by Title I

---

Title I offers programs to help student achievement such as:

- Additional teachers and paraprofessionals
- Additional training for school staff
- Extra time for instruction
- Various teaching methods and materials
- Tutoring

# Parents Matter!

---

Parents are important to your child's education

Your involvement shows:

- How education is important to you
- That you and the school are a team

The spring surveys you complete assists in the development of activities for the school
